Eligibility of Products and Services

Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

On your form, your FRN Product and Service detail was not sufficient to determine if the requested amount for FRN 1799093323 can be supported. This is an issue because before we can proceed with processing your form, we must validate the eligibility of your request.

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

Question(s)

Your response to PIA's questions:

#	Question	Response
1	Please provide vendor documentation which supports the funding request amount of \$17,850.00 per month for Ethernet. Note: Any vendor documentation (e.g. contracts, vendor quotes, vendor bills, invoices, etc.) provided should clearly identify any ineligible charges that were cost allocated out of your request. Also, please be sure to explain any discrepancies between the amount requested and amount supported.	WindstreamInvoice.pdf
2	If you are requesting additional dollars to accommodate expected growth or increased usage, please provide any relevant documentation that you used when determining the estimate for expected growth or increased usage.	
3	If you would like to provide any additional information about these issues that have not been addressed above: Use the text box to type information, or upload additional documentation using the "Browse" button.	Response for this inquiry did not appear with response to other FRN. Apologize for delay.
